

LAST CHANCE to Submit a Late Breaking Abstract!

Only FIVE days left to submit your research for a poster presentation at the 2024 OARSI World Congress on Osteoarthritis to be held in Vienna, Austria.

The submission period will close on **January 30, 2024**.

SUBMIT TODAY

Congress Registration is OPEN!

The Osteoarthritis Research Society International (OARSI) invites you to attend the 2024 OARSI World Congress on Osteoarthritis: *Breaking Barriers through Multi-Disciplinary Research* in Vienna, Austria on April 18-21, 2024!

The annual OARSI Congress is the pre-eminent multidisciplinary global forum for all those interested in cutting-edge OA research from academia and industry around the world.

Join us in this meeting to connect to a global network of professionals across a broad range of disciplines, all working toward a better understanding of the OA disease and breaking down barriers, with the ultimate goals of preventing, managing, and curing the disease, improving the quality of lives for more than 500 million OA patients worldwide!

We look forward to meeting you in person and learning from one another during the OARSI 2024 Congress in Vienna.

Rehab Discussion Group Announces Paper of the Year Award Deadline: January 31, 2024

The OARSI Rehabilitation Discussion Group is pleased to announce that applications are open for its Paper of the Year Award for Early Career Investigators. The award seeks to recognize the outstanding achievements of Members of our Discussion Group who have aimed to improve the lives of people with osteoarthritis through scientific investigation of rehabilitation. Papers published during the 2023 calendar year are eligible. More details and application instructions can be found [here](#). The deadline for submissions is **January 31, 2024**.

Registration is Open for February 21 OARSI Live Webinar

Date: Wednesday, February 21, 2024, 4:00-5:00 pm EST

Title: Evaluating and Implementing Models of Care for Osteoarthritis: Challenges, Opportunities and Future Directions

Session Description: This webinar will focus on current models of care for osteoarthritis based on best-evidence guidelines. An overview of models that have been developed and/or evaluated will be presented, and examples of two Models of Care from two different countries (PARTNER project, Australia and SAMBA project, Norway) will be described.

Presenters:

- Jocelyn Bowden, PhD, Sydney Musculoskeletal Health, Kolling Institute, Faculty of Medicine and Health, The University of Sydney and the Department of Rheumatology, Royal North Shore Hospital, Sydney, Australia.
- Nina Østerås, PhD, Center for Treatment of Rheumatic and Musculoskeletal Diseases (REMEDY), Diakonhjemmet Hospital, Oslo, Norway, Department for Interdisciplinary Health Sciences, University of Oslo, Norway

Moderator: Helen French, PhD, School of Physiotherapy, RCSI University of Medicine and Health Sciences, Dublin, Ireland

Registration is free for OARSI members.
