

The OARSI Asian Alliance Committee presents

Year in Review: Molecular Biomarkers of OA WEBINAR

Ron June, Ph.D.

Presenter

Montana State University

Department of Mechanical & Industrial Engineering

Department of Microbiology & Cell Biology (Affiliate Faculty)

Please join us for an online seminar to explore recent advancements in osteoarthritis research, focusing on the potential of molecular biomarkers to improve diagnosis and treatment outcomes.

This session will discuss the current progress in biomarker development, the challenges remaining in the field, and how metabolomic profiling could play a role in advancing our understanding of osteoarthritis.

Moderated by Chunyi Wen & Xin Zhang

THURSDAY, MARCH 6, 2025

7:30 - 8:30 AM EST

5:30 PM MST
