

OARSI Multimorbidity Discussion Group Workshop Agenda

Thursday, April 24, 2025 – Room 208, Songdo Convensia, Incheon

1. Welcome and Introduction (13:00–13:10)

- Brief overview of the Multimorbidity Discussion Group
- Purpose and goals of the group within the OARSI framework

2. Planning a Delphi Study: Toward a definition of Multimorbid OA & Core Set of Conditions (13:10–13:45)

- Proposal: Delphi study to
 - Define Multimorbid OA
 - Identify a consensus-based core set of comorbid conditions to be included in OA and multimorbidity research
- **Key questions:**
 - What conditions should be prioritized?
 - How do we ensure broad representation in the Delphi process?
 - Next steps and potential collaborators

4. Open Discussion & Next Steps (13:45–14:00)

- Gathering input on additional research priorities
- Planning follow-up meetings and communication channels
